

## WILSON MEMORIAL IS NEW YORK PLAN

Financial Edifice Would Be Contributed to Peace Efforts

### TRIBUTES ARE PAID HIM

Man Who Conceived League Was Eminent Strategist English Author Says

NEW YORK, March 15.—A movement was launched here today to establish a perpetual memorial in honor of Woodrow Wilson—the man who projected into the world the idea of the league of nations—after listening to a eulogy of the former president by John P. Sweeney, English playwright, some 500 men and women voted unanimously to appoint a temporary committee to work out details of the memorial. Franklin D. Roosevelt, democratic vice presidential candidate in the last election, who presided at the gathering was appointed chairman of the committee, with Henry Morgenthau, former ambassador to Turkey, treasurer.

Would Promote World Peace. Although the form the memorial is to take was not definitely decided upon, it was suggested that a minimum sum of \$500,000 be raised as a trust fund, the proceeds from which shall be awarded each year to the person who during the year has made the greatest contribution toward international unity.

Mr. Sweeney declared that Mr. Wilson "conceived beyond his executive capacity—a thing that is generally true of all great historical figures."

"Most men," said the speaker, "are prone to look in submission at the first assault of expediency. It is the tragedy and the glory of Woodrow Wilson that he clung tenaciously to his ideal regardless of personal consequences."

A Supreme Strategist. "It is generally agreed," he continued, "that his tactics were by no means perfect. But the strategy back of them made one of the greatest contributions to modern civilization."

In addition to Mr. Roosevelt and Mr. Morgenthau, the committee comprises: Cleveland H. Dodge, Malcolm Forbes, Edwin S. Gay, Bernard Baruch, Col. E. M. House, Mrs. Burton Harrison, Adolph Ochs, Frank P. King, Mrs. Virginia Butler, Mrs. Otto H. Kahn, Frank Cobb and Hamilton Holt.

## Federal Reserve Bank to Be Kept by Harding

William P. O. Harding of Alabama, governor of the federal reserve bank, is one of the few likely to remain in office indefinitely, according to reports from Washington. It is said that President Harding and Secretary of the Treasury Mellon admire the way Governor Harding has handled financial affairs and desire him to remain in office as long as he can conveniently do so. Much satisfaction was expressed in the capital because of the new president's attitude, as it indicated that the federal reserve system is to be kept out of politics.

DENVER, Colo., March 15.—The Colorado senate today unanimously passed a bill submitting to the voters of the state a constitutional amendment prohibiting persons who are ineligible to become citizens of the United States from owning property in Colorado. The bill now goes to the house.

## STILL SEEK HOSPITAL

Oklahoma's Delegation at Capital Calls on Secretary Mellon and Sec. of Southwestern Hospitals.

WASHINGTON, March 15.—A delegation of Oklahomans headed by Senator J. W. Hayward and the entire Oklahoma congressional delegation, today called on Secretary Mellon and Surgeon General Cummings, of the public health service, to again urge that the federal hospital to be located in the southwest be placed in Oklahoma.

The delegation was informed that the organization to handle the location would be formed by Thursday and would expedite its work. It is now believed that the location of the hospital to serve Texas, Oklahoma, Arkansas, Kansas and New Mexico former service men will be the first decided.

Although towns in all five states are seeking the institution it is believed that Oklahoma has the inside track. Surgeon General Cummings has been reported as not only in favor of Oklahoma, but favors a specification location at Oklahoma City, provided a site is donated.

Slender Charged Waco Man.

NEW ORLEANS, March 15.—W. A. Foster, Waco, Texas, said to be a wealthy business man, was arrested here today charged with slandering on complaint of Mrs. Albert Burrows, who had been arrested Monday on charges by Foster that she had swindled him out of between \$5,000 and \$10,000. Foster furnished bond and left on a business trip to the east.

## CUTTERS MEET TODAY

Will Plan for United Action Against Pity by Packers to Inaugurate Wage and Hour Adjustment.

CHICAGO, March 15.—Representatives of employees in the packing industry from all parts of the country will meet in Chicago tomorrow to plan for united action against the reduction in wages and readjustment of working hours which was put into effect Monday.

Samuel Gompers, president of the American Federation of Labor, has been expected to attend the conference, but word was received from him late today that he would be unable to be present, but would be represented by Thomas Rickett, vice president of the federation.

While strike leaders were being mailed to various parts of the country today the employees of Armour & Co. took the first step in putting into effect the plan for an industrial democracy recently announced by the company by electing 24 of their fellow employees to act as committee in carrying out further details of the conference plan.

The election was hailed by the company as a test of strength which might be exerted by union leaders who publicly called upon the employees to refrain from voting. It was announced that 70 percent of the hourly time employees voted at the election.

LONDON, March 15.—Lieutenant Commander Charles D. Burney, son of Admiral Sir Cecil Burney, was married to Gladys High, daughter of George Henry High of Chicago, in St. Margaret's Westminster abbey, today.
